WHAT MAKES OUR TURKEY SO SPECIAL?

Let us tell you a bit more about the Free Range Turkey and Chicken we get from Stephens Turkeys near Sudbury.

Chris Stephens is a 3rd generation farmer who slow grows his late maturing birds to produce a more succulent fuller flavour. We are proud of what Chris does and it is evident on the farm that welfare is paramount.

To produce such a high class product Chris insists on hand plucking, dry ageing and hand finishing to produce your perfect Christmas Turkey.

By choosing to buy your Free Range Turkey from us you are ensuring you have the very best for your family this Christmas.
